

When you love shopping centers, it shows.

When it comes to developing successful shopping centers, we never take a break. That unrelenting dedication can be seen in Mission Marketplace. Ideally located close to Interstate 5 and State Highway 78, fronting Highway 76 and College Blvd. in the City of Oceanside, California, Mission Marketplace is seen by over 61,000 cars a day. And talk about traffic: Mission Marketplace also draws from the area's fastest growing residential area and boasts a daytime population of 89,000. With over 343,000 square feet of picture-perfect retail space, Mission Marketplace is already over 85% leased — and home to Henry's Farmers Market, Rite Aid, K-Mart, UltraStar Cinema and many other great retailers. With a 18,162 anchor space now available, we expect to attract another big name — who knows, maybe yours. Okay, so our families might not appreciate our level of dedication. But we think you will. To find out more about Mission Marketplace and our other great San Diego Centers, call John Hickman at 760-630-8247.
