

# When you Love Shopping Centers, it Shows

Dedicated to Our Communities,  
Our Tenants and Our Customers

Dear NewMark Merrill Tenant,

As I am sure you have heard California has seen substantial increases in the number of COVID-19 cases. The increases are troubling, but more troubling is the increase in hospitalizations from the virus. As I mentioned when we started the re-opening we need to ensure that all of us – our team, you and your customers follow the guidelines – wear masks, social distance, and wash their hands. In the impatience to re-open some of these guidelines have not been followed as diligently as necessary across many businesses. We need to work together now to get back to a place where this virus is under control and we can restart moving back towards normal.

Yesterday, Governor Newsom put forth new, immediate orders to temporarily halt indoor operations in 19 California counties, including Los Angeles County. The types of establishments that are affected by this order include restaurants, wineries, family entertainment centers, movie theaters, museums, zoos and card rooms as well as bars. Gov. Newsom's order is in effect for at least three weeks. Outdoor services can continue, such as restaurant patios.

Operating safely while supporting you remains a top priority as we continue to battle this virus. However, this battle must be a collective effort which is why we ask you to continue to follow the guidelines set forth by state and county officials for safe re-opening. We have posted many resources on our website at [www.newmarkmerrill.com](http://www.newmarkmerrill.com) for you and your team to review if helpful. What we have seen already is that when your customers feel safe they shop, eat, and frequent those locations. The loyalty you will get from the community for the efforts you are taking today will pay dividends for your business for years to come.

We will get through this together and if we can help support you in finding the best ways to serve your customers do not hesitate to let us know.

Sincerely,

Sanford D. Sigal  
President and Chief Executive Officer
