Dedicated to Our Communities,
Our Tenants and Our Customers

Dear Merchant,

The magnitude of the effects of the COVID-19 pandemic and its aftershocks have been devastating. Although along the way there have been lifelines with government support, it has been challenging and the constant pivots with new and revised orders and guidelines have been overwhelming. I have been encouraged with all your efforts, creativity and perseverance to continue as business owners.

We were all excited when the re-openings began and although customers came out with trepidation they came out. We supported them with safe environments to shop, dine and get the services they so desperately wanted and needed. Unfortunately, even with following the guidelines set out the spread has been too great and too fast which has led to a scale back of operations.

There is encouraging news, there are two hopeful vaccines, congress is working on another aid package and operations that were completely closed in March are now able to conduct business outdoors. We are here to support this endeavor in every way. Restaurants have already implemented outdoor dining operations with the support of local officials and the ABC and just yesterday it was announced that hair, nail and massage salons would be able to do the same in California.

Please review the latest guidelines for operating outdoors:

Gyms: <https://files.covid19.ca.gov/pdf/guidance-fitness--en.pdf>

If you are interested in setting up in the outdoor common areas, please reach out to your property manager to discuss specifics. We want to support you in this but also maintain a pleasant and safe common area for all shoppers.

Sincerely,
